TRAIL NEWS

Crystal Valley and Pentwater Pathways are ready for winter and skiers because of the tireless efforts of over twenty volunteers this fall. Whether picking up limbs, lopping back new growth on trees, chainsawing fallen trees, brush-hogging saplings, or mowing trail sections and parking lots, an average of ten people each week helped at organized work-bee sessions. The OCCSA owns two snowmobiles in order to groom both trails efficiently. There is a need for extra help, either to learn the ropes from our volunteers or to pack down heavy snowfall ahead of the groomers. To find out how to get involved, contact Dennis Gale (231-873-3245) for Pentwater Pathways or Mike Sorensen (231-873-5247) for Crystal Valley.
